## PERSONAL STATEMENT

I am **MUHAMMAD DAWOOD REHMAN**, Graduate Electrical Engineer of **University of Engineering & Technology, Lahore**.

I'm submitting an application for the job of fresh graduate electrical engineer. A copy of my resume also attached. I'm eager to apply for the position of fresh graduate because it's a fantastic opportunity in a fantastic company.

I have expertise in following software's

AutoCAD, Proteus, MATLAB, Keil, Multisim, C language, Matlab.

I feel like my skills are particularly well suited to this position to learn how things are in practical life which we studied in our courses like power systems ,embedded system, programming fundamental and provide unique opportunities for learning outside of academic settings. It can expose me to new task and help me learn goal specific skills to complete those tasks. This opportunity also help me in gaining experience with technology, people and projects that may relate to my career goals.
