## ABOUT ME

Hi there! I am Ghulam Mustafa and I may not sufficient have a background in this field yet, but I've always had a knack for numbers. When I was younger, I used to calculate how many Samoosas I could eat in one sitting without getting a stomach ache (it was a lot, by the way). As a student, I have consistently demonstrated a strong work ethic and a commitment to learning. I have taken relevant coursework in financial accounting, managerial accounting and many more. I am excited and eager to apply my knowledge and skills to make a meaningful contribution to the organization I work for.
